ABOUT ME

Over 5+ years of experience as a technology professional in managing high-quality mobile applications with flutter, in various business-technical roles. The KPI-driven individual considers time-budget constraints as opportunities for growth vs obstacles. Passionate about bringing ideas on paper to life on electronics. Ability to zoom in-out situational context to make appropriate decisions. Wireframes/UMLs for quick mobile UI/UX prototyping.

WORK EXPERIENCE

Mobile Application Developer

NeuroCare.AI [22/05/2023 – Current]

City: Remote | Country: Pakistan

1. **Developing and maintaining the app:** This involves writing clean, efficient, and maintainable code that is easily extensible as the app evolves over time.
2. **Collaborating with the design team:** Working closely with designers to translate designs into working code, ensuring that the app's user interface and user experience are intuitive and user-friendly.
3. **Integrating with APIs and third-party services:** Connecting the app to various backend systems and third-party services (Firebase & AWS), such as social media platforms, payment gateways, or analytics tools.
4. **Testing and debugging:** Thoroughly testing the app to ensure it functions as intended, and troubleshooting any issues that arise during development.
5. **Continuously improving the app:** Continuously monitoring app performance, user feedback, and market trends to identify areas for improvement and new features to implement.
6. **Maintaining code quality:** Ensuring that the app's codebase remains maintainable, scalable, and extensible by following coding best practices, using appropriate design patterns, and keeping up-to-date with the latest technologies and techniques in mobile app development.
7. **Documenting the app:** Providing clear and comprehensive documentation for the app's architecture, functionality, and codebase, making it easier for other developers to understand and contribute to the project.

Mobile Application Developer

BroadVisions [04/04/2022 – 04/2023]

City: Lahore | Country: Pakistan

1. Designing and building mobile applications for Android and iOS platforms.
2. Collaborating with the design team to define app features. Maintaining the code and atomization of the application.
3. Translation of designs and wireframes into high-quality code.
4. Integration of APIs and Firebase.
5. Designing, developing, testing, deploying, supporting, and evolving software (hybrid applications, APIs).
6. Respect and enforce coding standards and best practices to maintain zero technical debt and 100% test coverage.

Flutter Developer

Nafees Solutions [01/05/2021 – 01/04/2022]

City: New Mirpur City | Country: Pakistan

Provide consistent performance from designing the application, planning a timeline, and developing any complicated application within a short time compared to any other native apps out there. Able to include the important features at the time of development and predict potential bugs.

1. Designing and developing applications.

2. Write clean code.
3. Take part in the development lifecycle.
4. Bug Fixing.

Flutter Developer

R&S Solutions [01/10/2019 – 30/04/2021]

City: Islamabad | Country: Pakistan

1. Designing and developing Android and iOS applications.
2. App testing, debugging, documenting and monitoring.
3. Contributing to the development of project schedules and workflows.
4. Recommending changes and enhancements to software applications.
5. Interacting with different departments within the organization regarding new deployments.

EDUCATION AND TRAINING

Bachelor of Science in Software Engineering

University of Engineering & Technology, Taxila [23/10/2017 – 25/08/2021]

City: Taxila | Country: Pakistan | Website: <http://web.uettaxila.edu.pk>

Higher Secondary School Certificate

Punjab College of Commerce, Hafizabad [27/04/2015 – 12/09/2017]

City: Hafizabad | Country: Pakistan | Website: <https://pgc.edu>

Secondary School Certificate

Govt. High School Kassesay [01/04/2013 – 10/05/2015]

City: Hafizabad | Country: Pakistan

LANGUAGE SKILLS

Mother tongue(s): Urdu

Other language(s):

English

LISTENING C1 READING C1 WRITING C1

SPOKEN PRODUCTION C1 SPOKEN INTERACTION C1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

DIGITAL SKILLS

Programming & Cloud

Mobile (Java/Android, Objective-C/iOS, Swift/iOS, Flutter/Adroid/iOS) / Google Cloud / Amplify / SQL / Github / Platform : AWS Cloud / Firebase / Python

Designing

UI/UX Designing / Figma, Adobe XD, Sketch
